PondBuilder is "slick, fast,  
and simple."

- Glee Mobley,  
Soil Conservation Technician

"I was impressed by [the]  
enthusiasm for the time  
savings the PondBuilder  
offered. Even better though,  
was that extensive ground-  
truthing by field offices  
showed that cost estimates  
made in the office for this  
program were very accurate"

- Rich Sims,  
NRCS State Conservationist
